

# Dental Procedure Discharge Sheet

Today Zeus had a dental procedure done today and will be leaving with a whiter smile, and fresher breathe. The full mouth x-rays, cleaning, charting, and polishing were done by our Registered Veterinary Technician Melissa Morris. The evaluation of the mouth and extractions was done by our DVM Dr. Draboo.

Zeus had (# of teeth) extracted today. It is normal to have a bit of swelling, and a small amount of bloody discharge from the mouth. This should continue to get better each day. If there is a lot of bleeding or an odour from the mouth this is abnormal, and please contact us immediately.

Please don't let Zeus use the stairs by themselves for the next 24 hours. Since (he/she) received medications that can make them sleepy they might not be able to operate the stairs without falling. (He/she) will be back to their normal self in 24-48 hours.

You can feed, and give water as normal for tonight. Since there were extractions please feed soften dry food, or wet food for the next 10-14 days. No rough playing, or chewing on anything hard for 10-14 days. This is to allow the extraction sites to heal.

## **Pain Medication:**

Please give: Please see the labels on the medication.

## **Follow Up:**

There will be a complimentary follow-up appointment due 10-14 days from today. At this visit, we will go over how to brush the teeth, check the mouth, and answer any questions.

## **Date/Time:**

**Diet Change:** We recommend (t/d, dental diet) as the new diet to help prevent calculus buildup.

**Brushing:** After the follow-up appointment we recommend brushing your pet's teeth daily to prevent or post-pone dental disease from reoccurring.

**Dental Program:** CONGRATS!! you are now in our dental program. This program will allow you to have unlimited, no-charge recheck appointments with our Dental Technician Melissa. We will also follow up with you by phone or email to make sure we are on the right track.

We will be following up with you tomorrow to make sure Zeus is fine, and to answer any questions or concerns you may have.

I full understand the discharge instructions provided by Herongate Animal Hospital.
